Personal Profile

Motivated administrator with professional experience using data to streamline workflows, support decision-making, and communicate insights across logistics, operations, and project environments.

Currently completing a data technician bootcamp with LeepTalent, strengthening skills in data analysis and visualisation, with a strong interest in generating meaningful insights that support evidence-based decision-making to deliver positive social outcomes.

Eager to transition into a **Data Analyst** career where I can combine my experience, technical training, and commitment to process improvement to create measurable impact.

Employment History

09/25 – 02/26	Supply Chain Administrator Sureserve Energy Services Meters
- Led stock data verification and reconciliation, ensuring alignment between physical stock and system records. - Streamlined stock and compliance monitoring by designing reports and dashboards using Power Query, Power BI, and Qlik, reducing manual processing time and improving data reliability.	

- Collaborated with the Business Intelligence team during the development of bespoke procurement and supply chain management systems by defining requirements, reviewing data quality, and testing.
- Facilitated stakeholder communications, field staff training, and process implementation during logistics remobilisation.

07/24 – 08/25

**Dispatcher
Sureserve Energy Services Meters**

- Managed the planning and dispatching of engineers nation-wide, adapting dispatch activities in real time to changing priorities.
- Produced trackers and analysed engineer performance and customer demand patterns using Excel and Google Sheets to enhance strategic resource planning.
- Coordinated with cross-functional teams to proactively address capacity constraints, resource gaps, and operational risks.

08/23 – 06/24

**Customer Service Assistant
Sureserve Energy Services Meters**

- Acted as the primary point of contact for customers, translating technical information into clear, accessible guidance.
- Maintained accurate customer records across CRM and job management systems.
- Identified recurring customer issues and created a centralised resource with process flow charts, FAQ, and reference guides to enhance team efficiency and consistent service delivery.

07/22 – 09/22

**HR & Finance Administrative Assistant Intern
Médecins Sans Frontières (Doctors Without Borders)**

- Analysed employee skills-audit data using Excel and presented insights to HR stakeholders to inform learning and development strategies.
- Conducted employee surveys and analysed feedback to identify wellbeing and workplace environment improvement opportunities in collaboration with the Office & Facilities team.
- Applied strong organisational skills to manage multiple concurrent project deadlines involving HR, Finance, Fundraising, Communications department engagement.

02/20 – 04/20

**Digital Content Creator
Blessed Marry of the Passion Children's Home**

- Designed fundraising materials for international donors, ensuring content clarity and alignment with objectives and audience needs.
- Organised internal meetings, issuing minutes and disseminating major updates internally.

05/18 – 09/18

**Project Assistant
Casa Size**

- Supported project operational activities, including logistics, procurement, and workforce coordination.
- Undertook site visits and assessments to assess construction quality, adherence to architectural design, and regulatory compliance.
- Developed Excel budget templates to enable more effective monitoring of project expenditure.

Interests, Hobbies and Achievements

I have a strong background in qualitative and quantitative research, campaigning, and community engagement through my volunteer work with organisations such as UN Women UK, Citizens Advise Bureau, and Médecins Sans Frontières.
